Technical Data Sheet

8009 Uni-Klens

Heavy Duty Readily Biodegradable Natural Industrial Grade Cleaner & Degreaser

Product Description

Stanvac 8009 Uni-Klens is a heavy-duty cleaner / degreaser which rapidly penetrates through grease, oil, dirt, dust and other contaminants and cleans equipment fast. It is a naturally formed, readily biodegradable cleaner having a pleasant citrus odor and does not leave any residue.

Stanvac 8009 is ideal for tough cleaning jobs for removal of stubborn contaminants as tar, adhesives, bitumen and other such soils where regular grade cleaning agents fail. It does not contain any CFC's, chlorinated solvents or ozone depleting chemicals and is suitable for cleaning / degreasing of all metal surfaces and equipment only.

Applications

For heavy duty cleaning / degreasing applications of all mechanical and electromechanical equipment as chains, wire ropes, steel cables, dies, molds, automotive parts, motors, bearings, generators, gears, compressors, portable tools.

Benefits

- Removes grease, oil, dirt, dust, sludge
- Non corrosive, nonconductive & non staining
- Removes tar, adhesives and other tough contaminants
- Leaves no residue
- Safe on metals, most plastics, glass and ceramics
- Non chlorinated formulation
- Fast penetrating and superior wetting action
- 360° valve allows spraying in any position-even inverted

Directions For Use

Never use on energized equipment. Spray using pin-point extension tube onto soiled surface and continue spraying liberally until only solvent runs out clearly and contaminants have been washed off. To remove heavy carbon or oxides, use a brush. Spray starting at the top of the surface and slowly working towards the bottom. Allow solvents to dry off the components before reactivating. To enhance drying time, apply forced air or wipe dry with an absorbent cloth after applying. Use only when completely dry. Test on plastics prior to use for compatibility. **Caution:** Contains flammable solvents. Do not spray near naked flame, hot surfaces or energized equipment. Use with adequate ventilation.

General

Use in well ventilated areas. Avoid continuous breathing of vapor and spray mist. In closed areas or areas with poor ventilation, use respiratory protection. For complete details on safety, short and long term exposure, refer to this product's safety data sheet (SDS).

8009 Uni-Klens

Heavy Duty Readily Biodegradable Natural Industrial Grade Cleaner & Degreaser

TECHNICAL PROPERTIES

Parameter*	Unit	Value
Type		Heavy duty cleaner & degreaser
Appearance		Liquid
Color		Clear
Odor		Citrus
Specific Gravity @ 20°C	g/cm ³	0.77-0.87
Flash Point (TCC)	°C	+40
Percent Volatile	%	+100
Evaporation Rate		Moderate to slow
Kauri Butanol Value (KB)		52
Propellant		CO ₂

* of active ingredients

Available Packaging

500 ml aerosol spray

Shelf Life

Bulk -12 months / Aerosol-24 months from date of manufacture in sealed condition.

Disposal

All used and unused product should be disposed of in accordance with state regulations.

Handling

Read instructions on the container label of the product before use. The product safety data sheet (SDS) contains the relevant information regarding personal protective equipment, safe use, physical and health hazards. Safety data sheet is available from Aerolube or your local Aerolube distributor.

Limited Warranty

The information and data contained in this sheet is accurate to the best of our knowledge or is obtained from sources, tests or experiences believed by us to be reliable and accurate. User is responsible for determining whether recommended Stanvac product is fit for a particular purpose. All products should be tested for suitability on a particular application prior to actual use. We make no representations of any kind. Data offered without warranty. Product manufactured is for industrial use only.
